AST-1X
THE WIDEBODY
WORKHORSE!

TOWBARLESS TRACTORS

MADE FOR YOUR MISSION

AST-1X

MOVING WIDEBODY AIRCRAFT

The towbarless AST-1X can taxi aircraft from A300/B767 up to A380/B747 with ease.

The AST-1X is the perfect option for just about any aircraft up to 1,320,000 lbs MTOW. Whether your operation demands a solution for long distance maintenance towing or simple pushback operations, the AST-1X has you covered.

DIAGNOSIS AND MAINTENANCE

- + Low operating, maintenance and process costs
- + Highest-possible vehicle availability through the use of renowned brand-name components
- + Maintenance free nose landing gear pick-up system

OPTIONS

- + Different engine sizes available
- + Moving aircraft on the ground at speeds of up to 20mph with maximum safety

VEHICLE-SPECIFIC ADVANTAGES

- + Covers a wide range of aircraft types and provides maximum flexibility and allows a smaller fleet
- + Ergonomic operator's workplace with a 180° swivel seat for best visibility and cabin lowering
- + Suitable for push back and long distance towing
- + Nose wheel is clamped and picked up by the maintenance free pick-up system

SINGLE MAN
PUSHBACK
POSSIBLE
